- (i) In violation of State law established for vehicles used off roads.

TREAD LIGHTLY!

HOW TO TREAD LIGHTLY

- **Obtain a Travel Map** from the Forest Service or maps from other public land agencies. Learn the rules and follow them.
- **Avoid** running over young trees, shrubs, and grasses, damaging or killing them.
- **Stay off** soft, wet roads and trails readily torn up by vehicles, particularly during hunting seasons. Repairing the damage is expensive.
- **Travel around** meadows, steep hillsides, or streambanks and lakeshores easily scarred by spinning wheels.
- **Resist** the urge to pioneer a new road or trail or to cut across a switchback.
- **Stay away** from wild animals that are rearing young or suffering from food shortage. Stress can sap stored energy reserves.
- **Obey** gate closures and regulatory signs. Vandalism costs tax dollars.
- **Stay out** of Wilderness areas. They're closed to all vehicles. Know where the boundaries are.
- **Get permission** to travel across private land. Respect landowner rights.

[illegible] opportunities for exciting travel with your [illegible] are in your hands. TREAD LIGHTLY!
